# Street Fights: The politics of mobility in San Francisco and what Copenhagen might tell us

Professor Jason Henderson,  
San Francisco State University

**28 SEPTEMBER 2016, 12-13**

**AUD. C, ØSTER VOLDGADE 10, 1350 COPENHAGEN K**

Jason Henderson is Professor of Geography & Environment at San Francisco State University, visiting Copenhagen this Fall on a research sabbatical examining how culture, politics, and economics shapes urban transportation in Copenhagen. Jason is author of *Street Fight: The Politics of Mobility in San Francisco*, and co-author of *Low Car (bon) Communities: Inspiring Car-Free and Car Lite Urban Futures*. He has published articles in *International Journal of Urban and Regional Research*, *Antipode*, *Urban Geography*, the *Journal of Transport Geography* and several book chapters in academic books on sustainable transportation and the politics of the automobile. <https://geog.sfsu.edu/person/Jason>
